DETAILED ACTION

Drawings

1. The drawings were received on April 24, 2004. These drawings are accepted by the Examiner.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

The closest prior art of record fails to teach or suggest the recited tamper indicating device. The independent claims identify the unique features of a substrate wherein the embodiments include variations of a backing having a first and second phase, a flood coated applied to one side of the backing and a mask containing a window located on the opposite side of the backing, wherein an adhesive layer is coated on the flood coat. The closest prior art of record, Wright et al (USPN 6,416,857) in view of Shadle et al. (USPN 6,270,122) and Mocilnikar et al. (USPN 5,346,259), disclose different tamper indicating devices, which either singularly or in combination, fail to anticipate or render obvious the above limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Patricia L. Nordmeyer whose telephone number is (571)272-1496. The examiner can normally be reached on Mon.-Thurs. from 10:00-7:30 & alternate Fridays.
